

Arkansas Heart Hospital announces new Interventional and Structural Cardiologist

LITTLE ROCK, Ark. (September 10, 2019) — Arkansas Heart Hospital is pleased to announce the hiring of its latest interventional and structural cardiologist, Dr. Wesley Lane. Lane joined the team this month.

“We are delighted to add Dr. Lane to our team of already accomplished interventional and structural cardiologists,” said President Drew Jackson “his knowledge and patient-centric approach furthers our commitment in providing extraordinary care to all of our patients.”

Lane is a graduate of Texas Tech University and University School of Medicine where he graduated top of his class. He completed his residency in Internal Medicine followed by fellowships in cardiovascular disease and Interventional Cardiology at Baylor Scott and White in Temple, TX. Dr. Lane is Board certified in Internal Medicine and Cardiovascular Disease and has received numerous awards.

About Arkansas Heart Hospital

Arkansas Heart Hospital is a nationally recognized and award-winning hospital dedicated to the prevention, diagnosis and treatment of cardiovascular disease and related diseases; also focusing on bariatrics, endocrinology and peripheral artery disease. Awarded a Five-Star Rating by the Centers for Medicare and Medicaid Services (CMS), based on seven criteria. Arkansas Heart is one of two Arkansas hospitals and one of 293 to receive this rating. Arkansas Heart offers advanced technology teamed with Arkansas' leading cardiologists and cardiovascular surgeons. The hospital operates 30 clinics statewide, nine catheterization labs, three heart-operating suites and a 24-hour Heart Emergency Center. Arkansas Heart Hospital is a training center for physicians from all over the world.
