WESLEY LANE MD INTERVENTIONAL CARDIOLOGY

A native of Abilene, Texas, Dr. Lane graduated from Texas Tech University and University School of Medicine where he graduated top of his class. He completed his residency in internal medicine followed by fellowships in cardiovascular disease and interventional cardiology at Baylor Scott and White in Temple, TX.

Dr. Lane's passions include coronary and structural heart interventions and longitudinal care of the cardiac patient. When he's not practicing medicine, Dr. Lane enjoys spending time with his wife and four kids, cooking, weightlifting, studying and teaching Christian theology as well as playing his guitar.

DR. LANE SPECIALIZES IN INTERVENTIONAL CARDIOLOGY.

Interventional cardiologists treat coronary artery disease, heart valve disorders, congenital heart disease and more through nonsurgical, catheter-based procedures and specialized imaging techniques. Arkansas Heart Hospital's eight catheterization labs feature advanced equipment, known throughout the healthcare industry for outstanding image quality and low x-ray radiation dose to both the patient and staff. The hospital is a globally recognized cardiac training center.
