## GARY McCALLUM MD

### WOUND CARE & HYPERBARIC MEDICINE

Dr. Gary McCallum specializes in wound care and serves as medical director at Arkansas Heart Hospital's Wound Care and Hyperbaric Center. Dr. McCallum enjoys treating all sorts of wounds, both acute and chronic, and finds it extremely rewarding to help patients regain their health.

A native of Arkadelphia, he attended medical school at the University of Arkansas for Medical Sciences, where he also completed his emergency medicine residency. He practiced emergency medicine for 16 years in Little Rock before pursuing his passion for wound care.

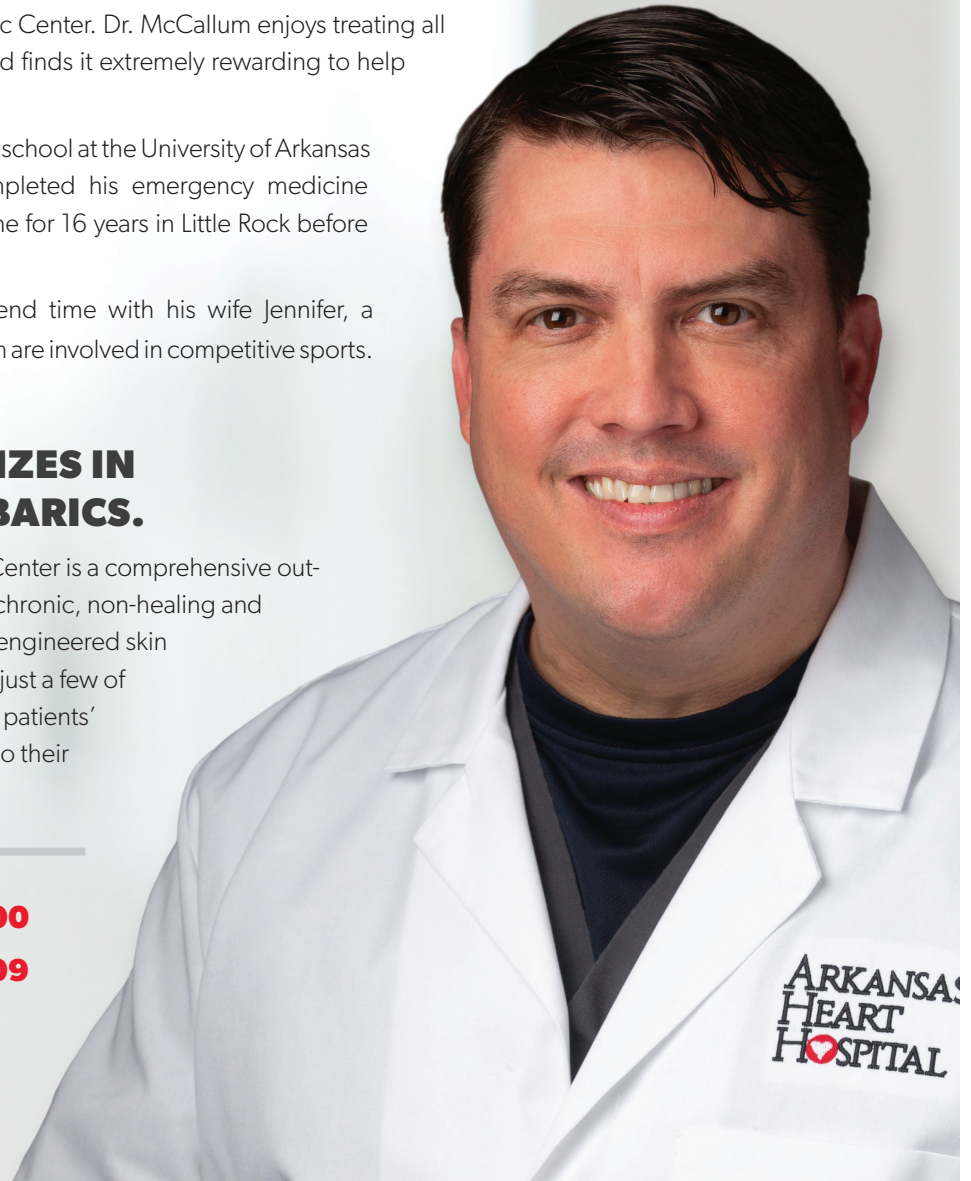

In his free time, Dr. McCallum likes to spend time with his wife Jennifer, a rheumatologist, and four children, all of whom are involved in competitive sports.

### DR. McCALLUM SPECIALIZES IN WOUND CARE & HYPERBARICS.

The Arkansas Heart Hospital's Wound Care Center is a comprehensive out-patient center designed for the treatment of chronic, non-healing and complex wounds. Hyperbaric medicine, bioengineered skin substitutes and vacuum assisted closures are just a few of the advanced techniques we employ to help patients' wounds heal faster and allow them to return to their normal lives.
