WILLIAM ROLLEFSON MD, FACC **INTERVENTIONAL CARDIOLOGY**

Dr. William A. Rollefson is a Little Rock cardiologist board certified in internal medicine, cardiovascular disease and interventional cardiology and is certified as an advanced cardiovascular life support instructor. A native of Little Rock, Dr. Rollefson graduated from Hendrix College in Conway before earning his medical degree with honors from University of Arkansas for Medical Sciences in 1991. He then went to Tripler Army Medical Center in Honolulu to complete both his internship and residency. He completed his fellowship in cardiology at Brooke Army Medical Center in San Antonio, where he remained for several years as director of cardiovascular interventions before coming to Arkansas Heart Hospital Clinic. The recipient of numerous awards (including Outstanding Staff Teacher and Outstanding Original Research), Dr. Rollefson has been well recognized for his talents in medicine, teaching and research.

DR. ROLLEFSON SPECIALIZES IN INTERVENTIONAL CARDIOLOGY.

Interventional cardiologists treat coronary artery disease, heart valve disorders, congenital heart disease and more through nonsurgical, catheter-based procedures and specialized imaging techniques. Arkansas Heart Hospital's eight catheterization labs feature advanced equipment, known throughout the healthcare industry for outstanding image quality and low x-ray radiation dose to both the patient and staff. The hospital is a globally recognized cardiac training center.
