

It's no secret that Arkansas has our heart – it's in our name, after all. One of the biggest perks of working at Arkansas Heart Hospital is the chance to be a part of the vibrant, caring communities we serve. It's hard to pick just a few of the best things about living in Arkansas, but here are a few of our favorites:

SOUTHERN HOSPITALITY

The people of Arkansas and its capital city aren't just friendly. They're the true definition of a community, making meaningful connections in a warm and welcoming atmosphere.

BEAUTIFUL SCENERY AND OUTDOOR ACTIVITIES

It's called the Natural State for a reason. The Ozark Mountains, the Arkansas River, Pinnacle Mountain and much more – they're all a short drive away.

LOW PROPERTY TAXES

Property taxes on a median-priced home come in among the lowest five states in the nation. The median cost of an average home in Arkansas? Half the cost of the median home measured across the country.

SMALL TOWN CHARM WITH MODERN AMENITIES

In Little Rock, you'll find a seamless blend of rich history and modern luxuries. Sites like Little Rock Central High and the William J. Clinton Presidential Library honor the state's history, while shopping centers and a thriving business district keep the area looking toward the future.

LOW COST OF LIVING

Arkansas is one of the top five most affordable states to live in. The cost of living here is about 10-15% lower than the national average, and groceries, utilities and transportation all contribute to cost savings for residents.

Arkansas is an ideal place to live, work and play – and an incredible community to call home. Want to make it yours? Arkansas Heart Hospital is hiring now.
